

2018 Dimes for Hunger Offering

Since 1977 we have given 16,967,860
dimes – or \$1,696,786.08!!!

The plan is simple: ask each person to give one dime – per meal – per day for a month for a goal of \$9.30 per member.

Our first partner was a feeding center in Fort Mill. Over the years we have added new agencies – food pantries, soup kitchens, home delivered meals, as well as programs in Guatemala, Honduras, and Malawi. What hasn't changed is there are still many hungry individuals and families who need the help and hope that our dimes can provide.

We still hear the voice of Christ as he told his disciples long ago, *“You give them something to eat.”*

May we continue to hear that call, give our dimes and help make our world, both locally and globally, a better place. When we respond, we are being good neighbors to our neighbors.

100% of the DFH Offering helps feed our neighbors who are hungry.
